1	Miss. SANGLE DILNAWAZ DASTAGIR	ASST. TEACHER	M.A., Psychology
<b>PE TEACHER</b>			
1	Mr. KELASKAR VIJAY RAJENDRA	ASST. TEACHER	B.A., B.P.Ed.

## **Important SMC Decisions**

1. Fees structure was decided for the academic year 2024-25.
2. New sections will be added from class IX to XII and in the session 2024-25 after getting approval from CBSE.
3. Smart classes to be installed.
4. Cameras (CCTV) to be installed in all the classrooms.
5. More focus on academics.
6. Co-Curricular and Extra-Curricular activities to be taken in more organized manner to enhance and improve the personalities of our students.
7. More emphasis on value based education.
8. An English consultant to be appointed to improve the overall English communication environment of our school.
9. Renovation and construction of the building was approved during the Summer Holidays.

## **Our Social Responsibilities- We Learn To Serve**

**Mahatma Gandhi believed- “The best way to find yourself is to lose yourself in the service of others.”**

### **Celebrating birthdays with a difference:**

Students of SSKEM School, Veral celebrate their birthdays with a difference. Children understand that every child is not as privileged as they are. Hence, instead of giving chocolates and other gifts to their classmates and friends they share their happiness with the lesser privileged. They bring stationery items- bright and colourful pencils, erasers, sharpeners, colour pencils etc. which are collected and sent to an NGO.

This is an initiative of SSKEM School which aims at imbibing in the students the joy of sharing and caring. They develop a sense of responsibility towards these friends who are deprived of a carefree childhood and rejoice at the thought of bringing smiles across so many faces. An initiative taken by us since 2019

### **Recycling newspaper and old clothes:**

Students across various levels in the school collect old newspapers which are then handed over to an organization to recycle the paper for writing purposes. Old clothes which are in good condition are also collected from the students to be distributed to the nearby shanties and the underprivileged.

### **Raksha Bandhan celebrated with students and Indian army:**

Every year since 2018, they take over the stage on this day and display their multifarious talents. Children of all standards welcome them with open hearts and celebrate the day by tying Rakhi to each other. They also display their handmade items for an exhibition and send to the Indian army which are made by the children very eagerly and honestly.

### **Hand in hand with our helpers:**

- Everyone in SSKEM School is a part of one big family. We extended our helping hand to our facility staff in times of ailment and mishap. Teachers collected donations to help our sport teacher who is suffering from serious illness.
- Every year during Diwali Celebration, our facility staff is showered with love by our children. They made handmade bags and wrote thank you notes for them, to show them their gratitude and appreciate their hard work. The school also gifted them with Diya and sweets to light up their festivities.
- Books of different levels are also displayed by the library for the support staff which they take for their child's education.

### **Special Saturday classes for the sub staff and their children:**

Our teachers conduct special coaching programs for the non-teaching staff and their children in order to enhance their English and Computer skills. As a result of this they can independently survive in the modern era where English Communication and Computer Knowledge is essential.

### **Religious Festivals:**

We at SSKEM School always celebrate religious festivals like Guru Poornima, Eid, Christmas, Ganesh Chaturthi, Krishna Jayanti, Navaratri, Diwali, Rakhi Poornima, etc.

### **National Day Celebration:**

The school celebrates all the National festivals like Independence Day, Republic Day, Maharashtra Day, Constitution Day, Teachers' Day, Children's Day with great devotion to the country and to the country men.

### **Health, Dental & Eye checkup camps:**

The SSKEM school organized Health & Dental checkup camps & Eye checkup camp for all the students and doctors advised the students to keep their teeth clean and eat a balanced diet to keep the eyes in right condition. The medical camp was conducted in the months of April & June.

### **T.T Doses camp:**

The SSKEM school organized T.T Doses Camp for classe IV & X in the months of July 2023.

### **KinderGarden Graduation Day:**

Graduation Day was celebrated on 31<sup>st</sup> March 2022 with the graduation uniform by welcoming the Chief Guest. Our principal addressed the gathering and highlighted the vision of the school & role of parents and teachers in the pupil learning process. Parent representatives expressed their gratitude towards the

school and the teacher in instilling humility and self-esteem in their children in their varied spectrum of activities and the cultural fest followed thereafter.

### **In-House activities:**

“Do activities as you are passionate about, which makes your heart and soul feel perky.” In order to groom and bring out inner talent we conduct various in house competitions for students like working out, cooking without fire, painting on different things, writing, yoga, elocution and reading.

### **Efforts in the field of Environment Education:**

- Addressing the Green Campus Needs

Establishment of solar panels

Rain water Harvesting and Roof water Harvesting

- Environmental pledge
- Green challenge
- 10 minutes without electricity
- Eco-Friendly dustbins
- Summer project-plant a sapling (via Seeds Bank)
- Steel Tiffins and water Bottles
- Use of newspaper bags for gifts
- Diya Decoration using Earthen lamps
- Models on global warming

- **Addressing the Green Campus Needs**

Establishment of solar panels

Rain water Harvesting and Roof water Harvesting

- Addressing the green campus needs:

We are proud to share that there are three 97 plants or trees planted in the school campus.

- All these plants/trees are looked after and nurtured by well-trained gardening staff.
- This large number of plants/trees enables the students to enjoy activities such as nature walk, nature Ramble, etc.

### **Establishment of solar panels:**

- Solar panels have been successfully installed on the roof of the school building.
- The major benefits of using solar panels are-easily to harness low maintenance costs, reduction of electricity bills, diverse application etc.

### **Rain water harvesting and root water harvesting:**

The rain water from the roof of the-school building is channelized to the rain water harvesting tank which has a capacity of 40,000 litres. The stored water is used for various cleaning purposes and watering of plants.

### **Environmental Pledge**

After singing the school prayers, the students begin their day at school by taking a pledge written by them to protect the environment.

#### **Environment Pledge**

I pledge and promise, To protect the earth.

I will never litter.

I will take care of and clean up the environment.

We need to be a team with one goal, for a Neat and clean mother earth.

### **Green challenge**

- A “Green Challenge” was started by the school wherein the community of students, teachers, parents and friends were challenged to-
- **Step 1-** Plant at least one sapling
- **Step 2-** Share photographs or short videos of the same on social sites.
- Our respected Principal, Dr S. S. Ali was the first person to initiate the challenge. Numerous teachers, students, parents and friends took up the challenge and played a vital role in increasing the process of mass plantation of saplings.

### **10 minutes without electricity**

- All the electrical appliances such as fans, light bulbs, computers etc.in the school are switched off for 10 minutes every day from 9:00 a.m. to 9:10 a.m.
- This approach has been adopted to inculcate in the students, teachers and staff the importance of using electricity wisely and saving it for the future.

### **Eco friendly dustbins**

- Separate colour coded dustbins have been provided for everyone to dispose of papers, newspapers and non- biodegradable waste in the school campus.
- The students are thus able to distinguish between different kinds of waste materials and dispose of them accordingly. The importance of the same is also imbibed simultaneously.

### **Steel tiffin's and water bottles**

- The students bring lunch boxes and water bottles made of stainless steel instead of plastic.
- They also use reusable food containers, drinking containers, utensils (spoons and forks) and napkins instead of pre-packaged foods, plastic bags, juice boxes, pouches, paper napkins and disposable utensils.
- This way they are guided to make smart environmental as well as health choices.
- It helps to inculcate in them the importance of caring for plants and using organic methods for growing plants.

### **Use of newspaper bags for gifts**

- Newspapers are re-used in the form of gift bags that are used to present gifts to guests for most of the events and visits.
- It helps to reduce the usage of gift bags made of fancy papers which are not eco-friendly.
- These gift bags are made by the students during their work education

classes.

### **Diya decoration using earthen lamps**

- The students are guided by the teachers to make earthen lamps or diyas which are later given to the needy people on the auspicious occasion of Diwali.
- It promotes the usage of eco-friendly resources in place of electric lights.
- Avoiding the usage of electricity also saves economic resources.

### **Models on global warming and Science exhibition**

- Students made innovative models to demonstrate the causes and effects of global warming which were displayed in the science exhibition and witnessed by the entire school.
- The focus of the science exhibition 2022 was to save the environment.
- Students presented various innovative models on organic farming and agriculture based on cost effective ways on rain water harvesting.
- It was a great way to reinforce their understanding about pollution and waste management along with sustainability methods.
- We have also banned the use of thermocol for any art and craft purposes.
- We always encourage students to use eco-friendly materials or reuse old things for art and craft work.

## **Innovations**

- Meeting of coordinators with the principal is organized in order to explain the methodology or techniques of teaching to students at different levels.
- Department meetings organized by the coordinators on the last working day of every month and after every exam to solve the problems in teaching of their respective subjects at various levels.
- Class tests are conducted by all subject teachers after completion of each lesson.
- Written revision tests are conducted at least one week prior to each unit test or exam for each class or section.
- Adoption of every two children by the teachers of board classes.
- A word for a week is written on the board. Its meaning is explained to students. Thus a word is learnt to be used by students as and when required while speaking or writing.
- Suggestion box is placed in the school in order to ascertain the problems or suggestions related to teaching or learning.
- Reward to outstanding students in sports and academics.
- Reward in recognition of improvement in performance in academics.
- Innovative or creative envelopes made by teachers to give away report cards in an attractive manner.

### **In Testing or Evaluations**

- Timely completion of the syllabus of each term followed by correction of all notebooks is being monitored.
- Day to day progress of the child is noted by class teachers and any remarkable change is noted and informed to the parents on Parents- teacher meets along with the answer sheets of exams conducted.
- Besides the evaluation, class or revision test is conducted for regular practice.
- Discipline squad houses mainly of students of different classes have been made operational.

### **PTA**

- Our PTMs are a beneficial platform for parents-teachers relationship and communication. It helps to understand and evaluate the progress of our students in every sphere of 50 that the child can gain the best result from the mutual team work of parents and teachers for their all-round development of students.

## **Sports:**

- Shree Samarth Krupa English Medium School is an arcadia for all sports lovers as we offer in multitude of opportunities to excel in all kinds of outdoor and indoor games under the expert supervision and coaching provided by our external extremely skilled PHE instructors. We have the prestige of having the best Pencak Silat, Tae-kwondo, kho-kho, Kabaddi, Volleyball, Skating, Chess, Carrom, Table tennis teams, yoga , some of the finest players in the entire district belong to our school. Many of our highly gifted sports persons have the privilege of being selected at the state and national level.

# SPORTS Winner Students

Sr .No	Name of the students	Class	Name of the sports	Taluka level	District level	Zonal level
1.	Aditya Jathar	11th	Yoga		Gold	Silver
2.	Jayesh Raika	11th	Roller skating		Gold	
3.	Sairaj Yadhav	11th	Shot Put	Silver		
	Sairaj Yadhav	11th	Javelin	Silver
